

The conference is held in coordination with the Dutch Presidency of the EU

The conference is partly funded under the European Union's Sixth Framework Information Society Technologies Programme through the FLOSSPOLS project at MERIT, University of Maastricht, and a grant from the Dutch Ministry of Economic Affairs. It is supported by the Dutch Ministry of the Interior and the Dutch Government's OSOSS Programma.

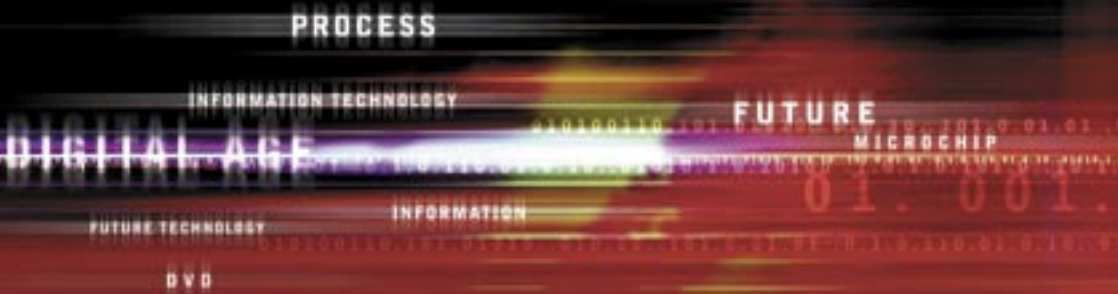

Participation in the conference is **free** but early registration is required as places are limited. For more information and online registration, visit the conference website at www.flosspols.org/conf/

Open Standards and Libre Software in Government

➔ **18 November 2004**

Van Gogh Hall,
Netherlands Congress Centre
The Hague, The Netherlands
